Grower The place with the "Big Beautiful" Rhododendrons now available for the instant privacy. acres...acres of field grown Big Rhododendrons with 50 varieties. Choose from many shapes and sizes. Maybe you are looking for unusual shape, slender, umbrella, large interesting trunks, branching pattern, tree form or fullness. Amongst the varieties, the bark of trunks, are observed having difference in color and you may notice the textures of the bark. Leaves add to the interest of different shapes. Great to use tall background plants, with shorter Rhododendrons in front or ferns or groundcover, and add seat bench. Bench in a cove under the tall canopy of Rhodos'
